A meeting was held on Tuesday evening, to devise means by which our quota of men under the late call may be raised, and the city relieved from the operation of the conscription act. fit was agreed to raise by subscrip-

tion the sum of \$7200, to pay recruits, erediting themselves to this city, the -sum of \$100 additional bounty. A Committee of three was appoint-

ed to procure the recruits and to pay them the money se soon as they are properly credited to the city. A Committee of two in each ward was appointed to procure subscriptions to the bounty fund.

The meeting adjourned to meet again this (Thursday) coming, at the Mayor's office. All interested are in. wited to attend.

This is a matter of vital importance to which we should attend without delay. Other cities and newsships have raised large bounties, and offer inducements to recruits to avedit themselves to them. Unless we make ex--ertions, the draft will find us with nearly our original number to furnish and with a reduced number to fare sh iit from.
